

# DEF Valves

Materials Fully Compliant with ISO 22241 Specs

**Rugged thermoplastic valves** designed specifically for diesel exhaust fluid handling.

**One valve meets all of these needs:**

- Anti-siphon
- Pump bypass/recirculation
- Pump backpressure
- PTFE diaphragm with positive shut off below set pressure
- No wetted metals or elastomers
- Fully customizable
- Million-cycle design
- Advance seal failure warning - the Patented Fail-Dry® System

**Don't risk spills and EPA fines with cheap valves. . .**

Specify True Blue Plast-O-Matic Valves for security and peace of mind.
